who are the people of god luke s purposes in the acts of the apostles are to identify the church to establish the legitimacy of its gospel and to demonstrate that god was an active force in

history he wanted to show that the communities of jewish and gentile christians are the true heirs of god s promises to israel he gives the history of the early church from the last decades of the first century as the communities become separated from their jewish origins and paul plays the lead role acts offers an apologetic for the mixed mission of the church to jews and gentiles luke was an eyewitness to some of what he reports but his authorship and views have been questioned this is a theological interpretation of the history of the church within history luke is an artist a narrator rather than a systematic theologian but writes about the roles of god christ and the holy spirit and of the church

the acts of the apostles are so rich in variety and interest that they are more frequently studied in schools than any other book of the bible this guide leads the reader through the acts as a whole showing how the men who lived and walked with jesus understood and applied the first principles of his teaching and acts to the religious and social problems of their day while highlighting how these same leaders translated the teaching of jesus whether given in parable paradox or precept into the spirituality and earnest obedience of their own personal lives a spirituality which found its natural outcome in the active missionary labour of a st peter and a st paul abroad and the no less active though quieter service of a lydia and a dorcas at home
