trafficking of human beings is a widespread practice in the modern world it has been estimated that between 600 000 and 800 000 people the majority of whom are women and children are trafficked worldwide each year the rapid growth in trafficking of human beings and its transnational nature have prompted the international community to take urgent action and a major step was taken when the united nations adopted the protocol to prevent and suppress trafficking in persons especially women and children trafficking protocol attached to the united nations convention against transnational organised crime organised crime convention in december 2000 yet addressing the human rights aspects of the phenomenon has proven to be difficult in practice and so far a holistic approach which addresses wider issues surrounding the phenomenon has not been taken the purpose of this book is to go further than simply recognising that trafficking is a human rights issue it attempts to establish a human rights framework to analyse and address the act by identifying applicable human rights norms and principles from the beginning to the end of the trafficking process such as the rights to

life work health as well as freedom from torture and slavery it then articulates key obligations under international human rights law including the obligations to prohibit trafficking punish traffickers protect victims and to address the causes and the consequences of the practice

examining the role of the cjeu in shaping the european union as a normative power this book explores the influence of the court of justice of the european union on normative power europe to evaluate the extent to which the cjeu s actions consolidate normative foreign policy in third states combining perspectives from international relations and law it explores the eu s normative impact in the international arena offering a multidimensional view which characterizes the power of the eu as a normative power while examining its role as a regulatory power alongside a historical review of the legal doctrinal development of the cjeu distilling the eu s uniqueness in the international arena and emphasizing that its fundamental strength lies in the technical normative power approach the book argues that the genuine eu impact is emphasized in unique sectoral niches noting the eu s dominance in terms of agriculture environmental protection privacy and data protection or tech policies a classic technical normative power that combines a legal basis and a value base the book analyses several case studies which present the triangular relations between cjeu rulings eu institutions and third countries to identify both direct and indirect signs of a genuine normative effect taking an interdisciplinary approach this book will be of interest to academics and students researching aspects of european law international law or international relations

an excellent companion volume to the successful a history of eastern europe this is a country by country treatment of the contemporary history of each of the balkan states albania bulgaria romania croatia serbia bosnia and herzegovina macedonia montenegro and kosova with a distinctive conceptual framework for explaining divergent patterns of historical change the book shifts the emphasis away from traditional cultural explanations and concentrates on the pervasive influence of strongly entrenched vertical power structures and power relations focusing on political and economic continuities and changes since the 1980s the balkans includes brief overviews of the history of each state prior to the 1980s to provide the background to enable all students of eastern european history to make sense of the more recent developments
