this splendid edition contains both ancient biographies of charles the great by einhard and the monk of st gall edited translated and introduced by arthur james grant charlemagne is often termed the father of modern europe in that he implemented the earliest foundations of germany france holland and belgium demonstrating great talents in both war and peace charles the great was able to unite much of europe to an extent unseen since the time of the roman empire

although charlemagne only reigned for fourteen years his actions while on the frankish throne were of far ranging consequence his wars against the saxons his expedition into muslim spain and his strengthening of relations with the papacy of rome helped solidify christianity within the european continent although his reign was violent it ushered in civilization to europe via unification of its peoples

the three grandest names of carlovingian lineage are so closely connected and so nearly contemporary that the history of one of their number necessarily involves that of the others for this reason a sketch of the memorable career of the first charles surnamed the hammer may not be an inappropriate introduction to the life of his grandson and namesake called the great

there are few historical figures in the middle ages that cast a larger shadow than charlemagne this volume brings together a collection of studies on the charlemagne legend from a wide range of fields not only adding to the growing corpus of work on this legendary figure but opening new avenues of inquiry by bringing together innovative trends that cross disciplinary boundaries this collection expands the geographical frontiers and extends the chronological scope beyond the middle ages from the heart of carolingian europe to spain england and iceland the charlemagne found here is one both familiar and strange and one who is both celebrated and critiqued contributors are jada bailey cullen chandler carla del zotto william diebold christopher flynn ana grinberg elizabeth melick jace stuckey and larissa tracy

originally published in 1993 the medieval charlemagne legend is a selective bibliography for the literary scholar of historical and literary material relating to charlemagne the book provides a chronological listing of sources on the legend and man is split into three distinct sections covering the history of charlemagne the literature of charlemagne and the medieval biography and chronicle of charlemagne

an exploration of the many depictions of charlemagne in the italian tradition of chivalric narratives in verse and prose chivalric tales and narratives concerning charlemagne were composed and circulated in italy from the early fourteenth to the mid sixteenth century and indeed subsequently flourished in forms of popular theatre which continue today but are they history or fiction myth or fact cultural memory or deliberate appropriation elite culture or popular entertainment oral or written performed or read beginning in the age of dante with the earliest tales composed for italians in the hybrid language of franco italian which draw inspiration from the french tradition of charlemagne narratives the volume considers the compositions of anonymous reciters of cantari and the prose versions of the florentine andrea da barberino before discussing the major literary contributions to the genre by luigi pulci matteo maria boiardo and ludovico ariosto the focus throughout is on the ways in which the portrait of charlemagne seen as both emperor and king of france is persistently ambiguous affected by the contemporary political situation and historical events such as invasion and warfare he emerges through these texts in myriad guises from positive and admirable to negative and despised

boyhood the frankish empire and the wider world the warring king power structures the ruler the royal court reviving the title of emperor imperator augustus epilogue myths and sainthood
